1. General View

2. Product highlights

The FLC series exemplifies speed, sensitivity, reliability, and cost-effectiveness in fiber laser cutting machines. This high-efficiency equipment meets the highest industry standards. Our product line ranges from 3kW to 30kW. Industries such as agriculture, textile, food machinery, construction, lifting equipment, and other large-scale machinery manufacturing sectors favor the FLC fiber laser cutting machine for its precision and effectiveness.

Ideal for those considering outsourcing, the FLC series offers convenient features like blowing, cutting, pause, calibration simulation, etc. accessible through its wireless remote control. Equipped with standard nesting software, it swiftly prepares parts for cutting, eliminating the need for constant operator supervision. Its fly cut-cutting feature further enhances efficiency.

With an automatic table design, continuous cutting is possible without delays. All machines are manufactured in compliance with European standards and hold CE certification and have FDA approval.

Customers can choose from cutting area options of 1.5×3m, 2×4m, or 2×6m to suit their needs. The laser head features auto-focus, Active Anti-collision Function, and an auto-view feature that detects obstacles and adjusts automatically. Automatic cooling ensures optimal performance of cutting heads.

Our machines feature bridges constructed from aluminum alloy sheet-plate welding—ensuring a single-piece, rigid structure. This design prevents deformation due to impact, overlapping, or strain, maintaining stability during operation. Compared to steel profile bridges, lightweight aluminum construction enables higher speeds and accelerations with lower power requirements.

3. Outstanding Features

- Fully enclosed
- 2 tables (shuttle type)
- **Travels: X=1,524mm (60"), Y=3,048mm (120")**
- Rapids : X and Y : 80m/min (3,150 ipm) , Z axis :30m/min (1,181 ipm)
- Max. Cutting thickness values:
-

	Steel	Stainless	Aluminum	Brass
12kW model	1-3/16"	1"	3/4"	1/2"

- **Anti-collision function**
- **Pipe / profile cutting system (Ø10"x 20ft long piece capacity)**
- CNC Controller
- CYPCUT Nesting software (Automatic part data placement by reducing waste of material)
- Cutting Library: A repository of pre-set cutting parameters for materials compatible with machine.
- Usage Report: Report detailing cutting times and productivity.
- Automatic Sheet Recognition: Simplified operation by auto detecting sheet's position for cutting.
- Fly cut: Rapid cutting of small lines and shapes in a continuous direction w/o lifting the head.
- Drawing Intervention: Ability to modify pre-existing drawings and make changes as needed.
- Drawing formats: dwg, dxf, stp
- Wireless Control Panel – remote operators hand panel
- WiFi connectible
- 2 x USB ports
- Laser Head -Auto Focus type
- Laser Source
- Linear Guideways
- Racks And Pinions
- Aerospace Quality Aluminum Gantry
- Air / Oxygen / Nitrogen Cutting (gases and air compressor to be supplied by the customer) (air compressor can be quoted / supplied upon request)
- Water Chiller
- Power Input : 240 or 480volt, 3phase, 60hz
- Small Footprint: 8,180x2,300mm (28ft X 9ft)
- Consumables (2+1 pcs Protective Glass, 1+1 pcs Ceramic, 10+1 pcs Nozzle)
- Weight: 5,700kgf (12,500lbs)
- 1 year warranty for the machine including the fiber laser source
- 24/7online service

LASER CUTTING HEAD

CONTROL PANEL

**CHILLER / HEATER
UNIT**

5. Price

DESCRIPTION	FOB TUSTIN
Model: FLC-P 1530 (12kW) (with pipe/profile cutting system)	\$235,000
Installation (levelling, calibrations, making machine ready for operation), Programming, operation, part cutting at different thickness and geometries and service training	included

Warranty	12 months warranty on all parts to include the fiber laser source
Shipment	60 days after PO date
Payment	40% with PO 60% before shipment
Sales Tax	Will be added to the invoices (not included in the prices)
Terms	FOB / TUSTIN

6. RECOMMENDED Optional Accessories

1) Dust / Smoke Collector (Pulse filter cartridge dust collector)

\$22,000

- Motor Power: 7.5 kW (10 HP)
- Filter Air Speed: 1.0-1.2 m/s (197-236 ft/min)
- Power Supply: 380V / 3-phase / 60 Hz
- Total Air Volume: 8000 m³/h (4,710 CFM)
- Wind Pressure: 2100 Pa (8.42 inH₂O)
- **Cleaning Method:** Pulse Automatic Cleaning
- The overall material of the product is made of high-quality carbon steel sprayed with plastic, and the material thickness is the national standard 2.0 mm
- The dust collector is a stand-alone integrated machine, with the upper body being the fan section, the middle being the filter cartridge section, and the lower being the dust collection drawer.
- Dust collector suction port diameter 400 (can also be customized according to working conditions), exhaust port diameter 360*320
- Machine size: 1200*1200*2250mm (48x48x88") (width*depth*height)
- The exhaust gas discharged by the equipment complies with the comprehensive emission standards of atmospheric pollutants (GB16297-1996) Emission standards

2)
30HP Special screw type air
compressor with special
dryer

\$22,000

Air Capacity	32.5-81.2 CFM
Ambient Temperature	23-104°F
Discharge Pressure	232 psi
Discharge Oil Content	≤ 0.001
Particle Content	≤ 0.00039 in
Noise	70±2 dB(A)
Dimensions (L×W×H)	67.4 × 31.5 × 73.2 in
Net Weight	1,449 lbs
Air Outlet Pipe Diameter	Rc1
Air Tank Volume	105.7 gal

7. Sales Terms & Conditions

1. Purchase orders to be issued as follows: **KAIMEC at 1231 Edinger Ave., Tustin, CA 92780**
2. All orders are subject to final acceptance by Seller after receipt of purchase order.
3. Prices quoted are subject to final confirmation at the time of placing an order.
4. Prices are **FOB TUSTIN, CA**, unless otherwise specified by Seller.
5. Specifications and prices are subject to change without notice.
6. KAIMEC INDUSTRIAL USA, INC., Inc. shall not be responsible for any failure to make delivery or delay in the delivery of all or any part of the merchandise purchased, due to (a) government statute, ordinance or regulations, (b) strike or other labor trouble, (c) damage to or destruction in whole or part of the merchandise or KAIMEC INDUSTRIAL USA, Inc.'s manufacturing plant, (d) fire, flood, earthquake, riot, war or other casualty or act of God, (e) lack of, or inability to obtain, raw materials, fuel or supplies, or (f) any other cause, contingency or circumstance not subject to State's control which prevents or hinders the manufacture or delivery of the merchandise.
7. Progress payments may be required for certain machines
8. All applicable freight, rigging, federal, state or local sales taxes shall be paid by purchaser, and are in addition to price quoted unless otherwise specified.
9. Cancellation. No order shall be changed or canceled without prior written consent from KAIMEC. Cancellation of all or part of any order shall be subject to charges from KAIMEC which shall include all the tooling, set-up, mobilization, and other costs, expenses and commitments incurred by KAIMEC up to the date of cancellation. In all cases, cancellation by Purchaser shall be effective only if given in writing by Purchaser and subject to the written consent of KAIMEC.
10. In the event Purchaser is unable to provide funding for the balance of the purchase after the due date, purchaser must return the equipment to Seller at purchaser's cost and the down payment may not be partially or fully refunded.
11. Brochures and literature are subject to constant design improvements and are not binding in detail.
12. The purchaser agrees to sign the sales contract/security agreement and UCC filings. KAIMEC shall retain title to all equipment until the purchase price has been paid in full.
13. The purchaser is responsible for confirming terms of payment, financing or credit arrangements prior to shipment of the machine.
14. Purchasers pay freight for all optional equipment and accessories shipped separately from machine.
15. An installation fee is required on all optional equipment and accessories ordered and installed separately from machines.
16. This Agreement shall be construed by and governed by the laws of the State of California. Any claims made under this Agreement, or with respect to entering into this Agreement shall be brought in a court of competent jurisdiction in Irvine Superior Court, California, notwithstanding any claim of forum non-convenience.
17. Payment terms shall be as follows unless otherwise specified and confirmed by Seller in writing:
 - (a) Pro Rata Payments: All payments are due from Purchaser as set forth above. If any shipments or other events are delayed by Purchaser, payments shall become due and payable on the date Seller is (or would be) prepared to make shipment, conduct run-offs, etc.
 - (b) Interest: KAIMEC reserves the right to apply 12% annual percentage rate (but not more than the maximum interest rate permitted by applicable law) on all balances not paid by Purchaser within the designated payment terms.

8. Machine Limited Warranty

KAIMEC (“**KAIMEC**”) warrants to the first purchaser, other than a purchaser for resale, (the “Purchaser”) that on the day of delivery, **KENT’s** Machines and parts thereof shall be free from defects in materials and workmanship. For a period of fifteen (15) months commencing on the date the Machine is delivered to the Purchaser, or one (1) year following the completion of installation, whichever is earlier, YS will, at its sole and exclusive discretion, either replace or repair any machine or part thereof defective in workmanship or material, at no charge to the Purchaser.

This warranty does not apply to:

1. Expendable items (i.e., drive belts, paint, batteries, light bulbs, fuses, fluids, filters and guide way wipers).
2. All components are supplied by the control manufacturer. (Control’s 2-year limited warranty is covered by the control manufacture.)
3. Accessories or peripherals not manufactured by YS, which shall be subject only to whatever warranty may be issued by the manufacturer of such product.
4. Unpacking, set-up or installation, adjustments of machine controls to user instructions. This warranty shall be void if **KAIMEC** determines that the defect was caused by negligence, mishandling, misapplication, abuse or misuse by Purchaser or by any other person.
5. Damage due to machine and/or components while being transported from **KAIMEC** to destination.

Warranty repair performed at Purchaser’s facility is the duty of the assigned **KAIMEC** Authorized Service Organization. In general, the assigned **KAIMEC** Authorized Service Organization is the person, agent, distributor, facility or company which the machine was originally purchased from directly or indirectly. The **KAIMEC** Authorized Service Organization that will perform warranty repair at Purchaser’s facility will be assigned to the Purchaser at the time of purchase. To obtain warranty service, Purchaser must contact the assigned **KAIMEC** Authorized Service Organization. The purchaser must provide verification of the date of delivery/installation when requesting warranty service. Warranty replacement parts are shipped by either USPS priority shipping, UPS or other appropriate ground freight. These freight charges are paid by **KAIMEC**. All air shipments are Purchaser’s responsibility (F.O.B. our facility). After the warranty repair or replacement of a defective part, **KAIMEC’s** warranty shall continue for the repaired or replaced part for the remainder of the original Limited Warranty period or ninety (90) **days**, whichever is longer.

No person, agent, distributor, dealer, service facility or company is authorized to change, modify or amend the terms of this Limited Warranty in any matter. **KAIMEC** makes no warranties, guarantees, or representations, express or implied with respect to the Machine or the parts thereof, **except to** and to the extent such warranty is set forth herein.

THERE SHALL BE NO OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER OBLIGATION ON THE PART OF **KAIMEC** WITH RESPECT TO THE MACHINES EXCEPT THE WARRANTY OR WARRANTIES CONTAINED HEREIN.

If, under applicable law, the implied warranties set forth above may not validly be disclaimed or excluded, the duration of such implied warranties is limited to the same time period governing the express warranty set forth herein. **KAIMEC** assumes no risk and shall not be subject to any liability for any damage, including without limitation, direct, indirect, special, incidental or consequential damages, or loss of profits sustained by Purchaser, or by any other person or entity in connection with the Machine, or resulting from the sale, use or application of the Machine, regardless of whether any such claim is asserted on a contract, tort, strict product liability or any other basis; nor shall **KAIMEC** be liable for transportation, labor or any other charges for adjustments, repairs, replacement parts, installation or other work, which may be done upon or in connection with equipment by Purchaser or by other person, except as provided for herein.

In any event, and notwithstanding anything herein to the contrary, **KAIMEC's** liability under any warranties shall be fully and completely discharged by **KAIMEC's** replacing or repairing any Machine or part thereof which may prove defective under normal and proper use within the effective period of the warranty, if timely shown to be defective by proper evidence submitted by Purchaser, as set forth above. This Limited Warranty is exclusively for the benefit of the first purchaser of the Machine, other than a purchaser for resale, and cannot be transferred or assigned.
